

AMADOR COUNTY TECHNICAL ADVISORY COMMITTEE
810 Court Street, Jackson, CA 95642
(209) 223-6380

AGENDA

DATE: Wednesday, September 23, 2009
PLACE: County Administration Center, 810 Court St., Jackson, CA
Conference Room "A"
TIME: 1:30 p.m.

In compliance with the Americans with Disabilities Act, if you are a disabled person and you need a disability-related modification or accommodation to participate in this meeting, please contact the Planning Department at (209) 223-6380 or (209) 257-5002 (fax). Requests must be made as early as possible and at least one-full business day before the start of the meeting.

Off-agenda items must be approved by the Technical Advisory Committee pursuant to Section 5496.5 of the Government Code.

- A. Correspondence.
- B. Public matters and persons wishing to address the Committee regarding non-agenda items.

Item 1 - Request for Use Permit by Archway Cellars to allow winery/tasting room in an "R1A" Zone District; onsite retail sales of wine and other related products (including pre-packaged food); outdoor picnic area; participation in all Vintner Association events; two (2) vintage release parties annually; one (1) grand opening party plus anniversary party (one yearly); and up to twelve (12) events with a maximum of up to 150 persons in attendance. The project is located on the east side of Shenandoah Road immediately north of the Dickson Road / Shenandoah Road junction, being 11000 Shenandoah Road (APN 007-120-009-000).

TAC members will review the application for completeness prior to acceptance.

Item 2 - Review of Westover Field / Amador County Airport Safety Improvements Projects. The project consists of three parts: 1) construct runway safety areas in compliance with current FAA guidelines for the north and south ends of the current runway 01/09; 2) slurry seal the current runway and parallel taxiway to the runway to preserve the asphalt pavement; 3) replace the existing Visual Approach Slope Indicator (VASI) system with a new Precision Approach Path Indicator (PAPI) system; this project is needed as the current VASI system is no longer supported by the manufacturer.

TAC members will evaluate the potential environmental impacts.
